

ORGANIC AND BIODYNAMIC WINE LIST

We only collaborate with small growers who work organically and biodynamically in the vineyard.

The wines are made from grapes that have been grown without chemical fertilizers, pesticides or herbicides. The fermentation is made with indigenous yeasts, no artificial additives have been added and very little human interferences are used in the winemaking process.

This wine list is focusing mainly on French wines with a few other great wines from other countries

Most of them are also available to take away at a retail price.

Don't hesitate to ask for any recommendation.

Orange Wine

Orange Wine is a white wine made like a red. The process is to leave the skin of the grapes in contact with the juice during the fermentation and after for 1 week to few month. The result is a white wine with an orange colour. Funky and Ready to please!! Go For It!!
