Skin Contact Wine - '...I have white grapes that want to be red ...' - Saša Radikon

'...winemaker plans, the universe decides ...' - Milan Nestarec

*Skin Contact Wine or Orange Wine is a white wine made like a red. The process is to leave the skin of the grapes in contact with the juice during the fermentation for few days, weeks to even few months. The result is a white wine with an amber or orange colour. The practice has a long history in winemaking, dating back hundreds of years in Slovenia and in the region of Friuli Venezia Giulia in Italy and thousands of years in the Eastern European wine producing country of Georgia. (Some of us also believe that it's dating back three thousands years BC in Egypt!) **Give it a try! It's DOPE!!***

2021 VDF "L'Orange"	Domaine de Courbissac	Languedoc	£50.00
